

Webinar
**WHO Euro Roadmap to Guide Implementation of the
Global Strategic Directions for Nursing and Midwifery in Europe 2021-25**

***Educating the Future Nursing and Midwifery Workforces –
Challenges and Opportunities***

January 25th, 2023, 1400h-1600h CET

The WHO Regional Office for Europe Nursing and Midwifery team, the European Forum of National Nurses and Midwives Associations (EFNNMA) and the European Federation of Nurses (EFN) invite nurses, midwives and policy makers to this webinar focusing on Education of the future nursing and midwifery workforces. Challenges to delivering quality nursing education include the nursing and midwifery shortage of nurses, ensuring relevance of education to current and future health challenges and the transformation of healthcare to deliver UHC through primary healthcare.

The new WHO Euro Roadmap for Nursing and Midwifery was developed to guide implementation of the WHO Global Strategic Directions for Nursing and Midwifery in our region. It lays out a 5-year blueprint for strengthening health and care in the WHO European Region by enabling the contribution of nurses and midwives themselves. The WHO GSDNM includes strategic directions in four key areas of development for the nursing and midwifery workforces: Education, Jobs, Leadership and Service Delivery.

National nursing and midwifery associations are critical stakeholders to be engaged in the education of the next generation of nurses and midwives. The purpose of this webinar is to:

- Raise awareness of key challenges to providing quality education
- Present examples of transformation of nursing and midwifery education
- Reflect on the role of national nurses and midwifery associations in the implementation of the GSDNM.
 - o Who is driving the process in your country?
 - o How is national nurses and midwives associations in the region engaged in dialog with the ministries of education and health?
 - o How can your NNA/NMA as key stakeholders increase your impact on health and educational policies?

Webinar III theme – GSDNM 2021-2025 – Education
